SUMMARY

Software Engineering undergraduate with an interest in building clean, responsive, and user-friendly web applications. I have hands-on experience in frontend development and UI/UX design using React, Tailwind CSS, and Figma, along with basic backend development using FastAPI, PostgreSQL, and REST APIs. I am currently seeking an internship opportunity to apply my skills, learn from real-world projects, and grow as a software developer.

TECHNICAL SKILLS

- **Programming Languages:** Java, C, Python, JavaScript, TypeScript
- **Frontend:** HTML, CSS, React, Tailwind CSS
- **Backend:** FastAPI, SQLAlchemy, REST APIs
- **Databases & Migration:** PostgreSQL, MySQL, Alembic
- **Design & Tools:** Figma, Git, GitHub, VS Code, IntelliJ IDEA

PROJECTS

Vehicle Service Booking Management System | 2026 - Present

FastAPI, PostgreSQL, SQLAlchemy, Alembic, React, TypeScript, Tailwind CSS, Zustand

- Developed a full-stack booking management system for vehicle service bookings.
- Built FastAPI REST APIs for create, view, search, update, archive, and restore functionality.
- Designed a PostgreSQL database using SQLAlchemy models and Alembic migrations.
- Implemented backend validation and soft delete functionality.
- Designed and developed a React TypeScript frontend with Zustand and Tailwind CSS.

Portfolio Website | 2026 - Present

React, Tailwind CSS, Vite

- Developed a responsive personal portfolio website to showcase projects, skills and education.
- Designed a clean and modern UI with smooth section navigation.
- Implemented reusable React components for better code structure.
- Deployed the project using Vercel and maintained the source code on GitHub.

Standalone Java Application (PRMS) | 2023

Java, OOP, MySQL

- Developed a hospital OPD system to manage patient details efficiently.
- Implemented patient registration, data handling, and record management features.
- Applied object-oriented programming concepts for better code organization.
- Prepared documentation, including requirements and test cases.
- Collaborated in a team of four, demonstrating teamwork and independent task execution.
- Tested and debugged system functionalities to ensure smooth operation.
- Presented the final system during an onsite demo.

EDUCATION

Bachelor of Software Engineering (Hons) | 2021 - Present **Open University of Sri Lanka**

Relevant Coursework

- Object-Oriented Programming, Data Structures & Algorithms, Data Modeling & Database Systems, AI, Web & Mobile Development, Software Quality Assurance

SOFT SKILLS

- | | |
|-------------------|-------------------------|
| • Communication | • Adaptability |
| • Teamwork | • Fast Learning Ability |
| • Problem-Solving | • Time Management |

CERTIFICATIONS

- Web Design for Beginners – University of Moratuwa (Ongoing)
- Java Programming & SE Application Dev - IDET Institute
- Java, SQL & Python – SoloLearn
- Codeless Test Automation Path – Test Automation University (Online)
